

Baktolan[®] balm pure

Intensively nourishing fragrance-free replenishing water-in-oil (w/o) balm with vitamin E, panthenol and allantoin for dry and sensitive skin.

Baktolan® balm pure

Advantages at a glance

- fragrance-free
- vitamin E, allantoin and panthenol moisturise the skin intensively
- increases skin firmness and keeps skin smooth
- promotes skin regeneration
- preserves the protective acid mantle of the skin
- relieve of skin irritation and redness
- free of parabens
- colorant free

Application

Baktolan balm pure is a fragrance-free water-in-oil balm with high quality nourishing components that were particularly adapted to the skin's pH value (5.5). This stabilizes the skin's protective acid mantle.

The ingredients vitamin E, allantoin and panthenol moisturise the skin intensively, providing a smoothing effect, support the cell regeneration and relieve skin irritation and redness of the skin. A repeated skin care with Baktolan balm pure during the day can reduce the risk of skin irritations significantly¹⁾.

Areas of application

Baktolan balm pure is used in all areas where the care of sensitive and exposed skin is of particular importance. The replenishing fragrance-free product is especially suited for the daily use as well as for distressing skin activities like hand-washing, the handling of aqueous solutions and wearing gloves over a long period of time:

- in geriatric and paediatric facilities
- in all clinic areas and primary health care
- in nursing homes
- in the industry and laboratories

Directions for use

For hand and skin care, apply Baktolan balm pure and massage into skin. Use several times a day in case of very dry or stressed skin. Due to its high-quality replenishing substances Baktolan balm pure is economical in use, easily spread and absorbed quickly without leaving an unpleasant greasy film on the skin.

Composition

Aqua, Isohexadecane, Ethylhexyl Stearate, Cetearyl Ethylhexanoate, Glycerin, Cetyl PEG/PPG-10/1 Dimethicone, Phenoxyethanol, Sodium Benzoate, Hydrogenated Castor Oil, Paraffin, Sodium Chloride, Panthenol, Allantoin, Tocopheryl Acetate, Citric Acid.

Compatibility with hand disinfection products

Studies about hygienic hand disinfection acc. to EN 1500 show that the efficacy of BODE hand disinfection products Sterillium, Sterillium classic pure, Sterillium med, Sterillium Virugard, Sterillium Gel and Sterillium Gel pure and is not influenced by the previous use of Baktolan balm pure.

Compatibility with examination gloves

Studies following the EN 455-1 show that previous use of Baktolan balm pure does not increase the perforation rate of gloves made out of nitrile, latex and vinyl. Studies following the EN 455-2 show that previous use of Baktolan balm pure does not impair the tear strength of gloves.
